

Term Evaluation (Even) Semester Examination March 2025

Roll no. 226/3/5

Name of the Program: B. Tech

Name of the Course: Full Stack Development

Course Code: TCS693

Time: 90 Minutes

Semester: 6

Maximum Marks: 50

Note:

Answer all the questions by choosing any one of the sub questions i.

ii. Each questions carries 10 marks

Q1			(10 Marks) CC
(a)	Explain the following tags in HTML with example i) div ii) hyperlink iii) navigation iv) list			
		OR		7
	Employee	A		7
	Registration Form	. 7		
	First Name			1
		*	1 2	-
1	Last Name		packs to the	
	Last Name	And the same state of the last and the second	No. aprilances—edit	
	。 1. 1. 1. 1. 1. 1. 1. 1. 1. 1. 1. 1. 1. 1			
	Date of Birth			
	Phone Number			
	(600) 900-0000			
(1-)			· •	*1
(b)	Email			
	ex: myname@example.com			
	Please Upload your Resume			
	Please Opload you	1	200	
	Choose file or drop here			
		A STATE OF THE PARTY OF THE PAR		La ref
				,
	Submit			
	f we well	ng HTML and CSS		_
	Create an Employee registration form using	ig IIIII ulu coo.	(10 Marks)	CO
$\overline{\mathbf{Q2}}$	1 CSS External CSS and Inline CSS.		00/	
(a)	Explain with code the Internal CSS, External CSS and Inline CSS. OR			1
(4)	Explain the various positioning properties	in CSS.		
(b)	Explain the various positioning properties	19	1 1	

Q3 (a) Explain the various properties related to background color and images in CSS. (b) With a simple code, Explain the CSS box model components. Q4 Product List Item Quantity Price Extended Hard Disk						
(a) With a simple code, Explain the CSS box model components. Product List Item Quantity Price Extended Hard Disk 1 5005 4005 Cd Drive 1 2005 5005 Cds 10 205 505 Total Amount 950 5 Implement the above table using HTML. OR The Unordered List Coffee 1 Pea 2 Milk Description List Coffee 1 Dack hot drink Milk white cold drink Implement the above lists in HTML. Q5 With a code, explain the following Java script events. i) onclick ii) onmouseover iii) onchange iv) onkeydown OR Explain the following JavaScript string methods i) String Concat ii) Slice Explain the following JavaScript string methods i) String Concat ii) Slice CO2	Q3					
(b) With a simple code, Explain the CSS box model components. Product List Item Quantity Price Extended Hard Disk 1 5005 4005 Cd Drive 1 2005 5005 Cdd s 10 205 5005 Total Amount 950 5 Implement the above table using HTML. OR The Unordered List	(a)	Explain the various properties related to background color and images in CSS.				
(a) Product List Item Quantity Price Extended						
Product List	(b)	With a simple code Explain the CSS box model components.				
Item Quantity Price Extended Hard Disk 1 5005 4005 Cd Drive 1 2005 5005 Cds 10 205 5005 Eds 10 205 505 Eds	Q4	(10 Marks)	COI			
Item Quantity Price Extended Hard Disk 1 5005 4005 Cd Drive 1 2005 5005 Cds 10 205 5005 Total Amount 950 5 Implement the above table using HTML. OR The Unordered List		Product List				
(a) Cd Drive 1 2005 5005 Cds 10 20S 5005 Total Amount 950 S Implement the above table using HTML. OR The Unordered List		A STATE OF THE PROPERTY OF THE				
(a) Cd Drive 1 2005 5005 Cds 10 205 505 Total Amount 950 S Implement the above table using HTML. OR The Unordered List Coffee 1 Tea 2 Milk The ordered List Coffee 2 Tea 3 Milk Description List Coffee black hot drink Milk white cold drink Implement the above lists in HTML. Q5 With a code, explain the following Java script events. i) onclick ii) onmouseover iii) onchange iv) onkeydown OR Explain the following JavaScript string methods i) String Concat ii) Slice Explain the following JavaScript string methods i) String Concat iii) Slice CO2		The state of the s				
Cds 10 205 505 Total Amount 950 5 Implement the above table using HTML. OR	(a)					
Total Amount 950 S Implement the above table using HTML. OR The Unordered List		A CONTRACTOR OF THE PROPERTY O	1 1 1			
Implement the above table using HTML. OR The Unordered List Coffee Tea Milk The ordered List 1. Coffee The above List 1. Coffee The above List Description List Coffee That hot drink Milk White cold drink Implement the above lists in HTML. Q5 With a code, explain the following Java script events. i) onclick ii) onmouseover iii) onchange iv) onkeydown OR Explain the following JavaScript string methods i) String Concat ii) Slice CO2			7 9			
The Unordered List Coffee The ordered List The ordered List Coffee The ordered List The ordered Li		Implement the above table using HTML.				
coffee The ordered List 1. Coffee 2. Tea 3. Milk Description List Coffee - black hot drink Milk - white cold drink Implement the above lists in HTML. Q5 (a) With a code, explain the following Java script events. i) onclick ii) onmouseover iii) onchange iv) onkeydown OR Explain the following JavaScript string methods i) String Concat ii) Slice CO2 CO2	o mile and a second	The first of the second				
o Coffee o Tea o Milk The ordered List 1. Coffee 2. Tea 3. Milk Description List Coffee - black hot drink Milk - white cold drink Implement the above lists in HTML. Q5 (a) With a code, explain the following Java script events. i) onclick ii) onmouseover iii) onchange iv) onkeydown OR Explain the following JavaScript string methods i) String Concat ii) Slice CO2 CO2		The Unordered List				
coffee 1. Coffee 2. Tea 3. Milk Description List Coffee - black hot drink - white cold drink Implement the above lists in HTML. Q5 (a) With a code, explain the following Java script events. i) onclick ii) onmouseover iii) onchange iv) onkeydown OR Explain the following JavaScript string methods i) String Concat ii) Slice CO2 CO2 CO3		The Onordered List				
The ordered List 1. Coffee 2. Tea 3. Milk Description List Coffee - black hot drink Milk - white cold drink Implement the above lists in HTML. Q5 (a) With a code, explain the following Java script events. i) onclick ii) onmouseover iii) onchange iv) onkeydown OR Explain the following JavaScript string methods i) String Concat ii) Slice CO2 CO2						
(b) 1. Coffee 2. Tea 3. Milk Description List Coffee - black hot drink Milk - white cold drink Implement the above lists in HTML. Q5 (a) With a code, explain the following Java script events. i) onclick ii) onmouseover iii) onchange iv) onkeydown OR Explain the following JavaScript string methods i) String Concat ii) Slice Explain the following Trim CO2						
(b) 1. Coffee 2. Tea 3. Milk Description List Coffee - black hot drink Milk - white cold drink Implement the above lists in HTML. Q5 (a) With a code, explain the following Java script events. i) onclick ii) onmouseover iii) onchange iv) onkeydown OR Explain the following JavaScript string methods i) String Concat ii) Slice Explain the following Trim CO2		The said and Tigt				
(b) 3. Milk Description List Coffee - black hot drink Milk - white cold drink Implement the above lists in HTML. Q5 (a) With a code, explain the following Java script events. i) onclick ii) onmouseover iii) onchange iv) onkeydown OR Explain the following JavaScript string methods i) String Concat ii) Slice :::) String CharAt iv) String Trim CO2		The ordered List	-			
Description List Coffee - black hot drink Milk - white cold drink Implement the above lists in HTML. Q5 With a code, explain the following Java script events. i) onclick ii) onmouseover (a) With a code, explain the following Java script events. i) onclick ii) onmouseover OR Explain the following JavaScript string methods i) String Concat ii) Slice Explain the following JavaScript string methods i) String Concat ii) Slice CO2		1. Coffee	. Y			
Coffee - black hot drink - white cold drink Implement the above lists in HTML. Q5 (a) With a code, explain the following Java script events. i) onclick ii) onmouseover iii) onchange iv) onkeydown OR Explain the following JavaScript string methods i) String Concat ii) Slice CO2 CO2 CO2	(b)					
Coffee - black hot drink - white cold drink Implement the above lists in HTML. Q5 With a code, explain the following Java script events. i) onclick ii) onmouseover iii) onchange iv) onkeydown OR Explain the following JavaScript string methods i) String Concat ii) Slice CO2 iii) String CharAt iv) String Trim	()					
Coffee - black hot drink Milk - white cold drink Implement the above lists in HTML. Q5 With a code, explain the following Java script events. i) onclick ii) onmouseover (a) With a code, explain the following Java script events. i) onclick ii) onmouseover OR Explain the following JavaScript string methods i) String Concat ii) Slice CO2 Explain the following JavaScript string methods i) String Concat ii) Slice CO2		Description List				
Implement the above lists in HTML. Q5 (a) With a code, explain the following Java script events. i) onclick ii) onmouseover iii) onchange iv) onkeydown OR Explain the following JavaScript string methods i) String Concat ii) Slice CO2 CO2 CO2						
Implement the above lists in HTML. Q5 (a) With a code, explain the following Java script events. i) onclick ii) onmouseover iii) onchange iv) onkeydown OR Explain the following JavaScript string methods i) String Concat ii) Slice Explain the following Trim CO2		Coffee				
Implement the above lists in HTML. Q5 (a) With a code, explain the following Java script events. i) onclick ii) onmouseover iii) onchange iv) onkeydown OR Explain the following JavaScript string methods i) String Concat ii) Slice Explain the following Trim CO2		Milk				
With a code, explain the following Java script events. i) onclick ii) onmouseover (a) With a code, explain the following Java script events. i) onclick ii) onmouseover OR Explain the following JavaScript string methods i) String Concat ii) Slice Explain the following JavaScript string methods i) String Concat ii) Slice CO2						
With a code, explain the following Java script events. i) onclick ii) onmouseover (a) With a code, explain the following Java script events. i) onclick ii) onmouseover OR Explain the following JavaScript string methods i) String Concat ii) Slice Explain the following JavaScript string methods i) String Concat ii) Slice CO2		Implement the above lists in HTML.				
(a) iii) onchange iv) onkeydown OR Explain the following JavaScript string methods i) String Concat ii) Slice Explain the following Trim CO2	05					
(a) iii) onchange iv) onkeydown OR Explain the following JavaScript string methods i) String Concat ii) Slice Explain the following Trim CO2	20	With a code, explain the following Java script events. i) onclick ii) onlined scover				
Explain the following JavaScript string methods i) String Concat ii) Slice Explain the following Trim CO2	(a)	iii) onchange iv) onkeydown				
:::) String CharAt iv) String 11th		OK Ukada i) String Concat ii) Slice	1000			
:::) String CharAt iv) String 11th		Explain the following JavaScript string methods if String Condairs,	CO2			
(b) III) String Strain		String CharAt iv) String Trim				
	(b)	III) Sumg Com.
