Name of the Course and semester: BAJMC __ Semester __II__

Name of the Paper: __ Theories & Models of Mass Communication

Paper Code: BAJMC 201

Time: 3 hour

Maximum Marks: 100

Note:

- (i) Answer any two of the sub questions a, b and c in each main question
- (ii) Each question carries 20 marks.
- (iii) Each sub question carries 10 marks

Q1. (2X10=20 Marks)

- a. Define communication theory. Explain its importance in understanding communication processes across different media. (CO1)
- b. Discuss the development of communication theories. How have communication models evolved over time? (CO1)
- c. What are the functions of communication theories? How do they help in understanding the role of communication in society? (CO1)

Q2. (2X10 =20 Marks)

- a. Discuss Aristotle's communication model and its relevance in today's communication studies. (CO2)
- b. Explain Shannon-Weaver's Mathematical Model. How does it illustrate the communication process, and what are its strengths and weaknesses? (CO2)
- c. Describe the Two-Step Flow Model. Discuss its significance in understanding the influence of media on public opinion. (CO2)

Q3. (2X10 =20 Marks)

- a. Explain the Authoritarian Theory of mass communication. How does it affect the functioning of media in authoritarian regimes? (CO 3)
- b. Compare and contrast the Libertarian Theory and Social Responsibility Theory of mass communication. (CO 3)
- c. Discuss the Soviet Media Theory. How did it reflect the media system in the Soviet Union, and what are its implications on media freedom? (CO3)

Q4. (2X10 =20 Marks)

- a. Define digital media theories. How do these theories differ from traditional mass communication theories? (CO 4)
- b. Explain the concepts of social media and para-social media. How do they shape user interactions in the digital age? (CO 4)
- c. Discuss Mediatization Theory. How does this theory explain the influence of media in shaping societal institutions and practices? (CO4)

Q5. (2X10=20 Marks)

- a. A news organization is launching a new mobile news app targeted at young urban audiences. Using the **Uses and Gratification theory**, identify at least four specific needs the app must fulfill to gain regular users. Justify your response with examples. (CO5)
- b. Social media platforms often introduce new features (e.g., Instagram Reels, WhatsApp Channels). Choose one such feature and explain how it spread among users using the **Diffusion of Innovation** framework. What factors influenced its adoption or rejection? (CO5)
- c. Define media literacy and explain its importance in the digital age. Discuss how media literacy empowers individuals to identify misinformation, analyze media messages critically, and make informed decisions. Support your answer with relevant examples from news or social media. (CO5)
