

End Term (Even) Semester Examination May-June 2025

Roll no.....

Name of the Program and semester: BHM & 6th Semester

Name of the Course: Research Methodology

Course Code: BHM 604

Time: 3 hour

Maximum Marks: 100

Note:

- (i) All the questions are compulsory.
- (ii) Answer any two sub questions from a, b and c in each main question.
- (iii) Total marks for each question is 20 (twenty).
- (iv) Each sub-question carries 10 marks.

Q1. (2X10=20 Marks)

- a. Explain the significance of research in decision-making and problem-solving. (CO1)
- b. Explain research problem in your words? How does it help in designing the research title? (CO1)
- c. Define research questions? How should they be framed to ensure a focused study? (CO1)

Q2. (2X10=20 Marks)

- a. Define research design. Discuss its importance in conducting scientific research. (CO2)
- b. Outline the key steps in the research process. Explain the significance of each step. (CO2)
- c. Explain the difference between qualitative and quantitative research approaches. Provide examples where each approach is most suitable. (CO2)

Q3. (2X10=20 Marks)

- a. Define Secondary Data. Discuss its importance and sources. (CO3)
- b. How do you cite sources in the APA and MLA styles for journals, books, newspapers, and magazines? (CO3)
- c. Describe the different data collection methods: Observation, Experimental, Focus Group, Case Study, and Survey. (CO3)

Q4. (2X10=20 Marks)

- a. Explain the advantages and limitations of using a questionnaire as a research instrument. How can these factors affect the data collection process in research studies? (CO4)
- b. Discuss the advantages and limitations of using a schedule for data collection. How does it compare to other research instruments like questionnaires in terms of effectiveness? (CO4)
- c. Describe different sampling techniques commonly used in research. How do these techniques influence the accuracy and reliability of research findings? (CO4)

Q5. (2X10=20 Marks)

- a. Describe the different stages and steps involved in report writing. Why is it important to follow a structured process in report development? (CO5)
- b. State the typical layout of a report? Explain the purpose of each section, including the title page, table of contents, and appendices. (CO5)
- c. Outline the typical structure of a research report. How does each section, such as the introduction, literature review, and methodology, contribute to the overall report? (CO5)
